Build 9600

Taskbar with icons for Start, File Explorer, PicPick, MxManagementCenter, and system tray showing time 11:59 AM and date 8/18/2021.

The image shows a Windows Storage Server 2012 R2 desktop environment. The desktop background is dark grey with the text "Windows Storage Server 2012 R2" and "Windows Storage Server 2012 R2 Standard Build 9600" in the bottom right. The taskbar is blue and contains icons for the Start menu, File Explorer, a folder, a paint application, and the MxManagementCenter icon. A network share icon labeled "share (192.168.2....)" is visible on the right side of the desktop. The Recycle Bin and several folders named "2021_08_18..." are also present. A setup window titled "Setup - MxManagementCenter 2.5.1" is open in the center. The window has a blue title bar and a white content area. The content area is titled "Select Additional Tasks" and asks "Which additional tasks should be performed?". Below this, it says "Select the additional tasks you would like Setup to perform while installing MxManagementCenter, then click Next." Under the heading "Additional shortcuts:", there is a checked checkbox for "Create a desktop shortcut". At the bottom of the window, there are three buttons: "Back", "Next", and "Cancel". The "Next" button is highlighted with a mouse cursor.

End-User License Agreement

MxManagementCenter

General Terms of Use for MOBOTIX-Software (Date: September 2020)

By downloading the Software (as defined below in claim 1.1.) or activating the license of the Add-On Modules (as defined below), apart from the MxMC Advanced Service License, if these terms of use are not explicitly referenced there, a license agreement is concluded in accordance with these terms of use, the third-party software conditions and the general terms and conditions of business of MOBOTIX AG ("**MOBOTIX**") (total "**Terms of Use**"). These terms of use are also valid, if a third party downloads or implements software to the storage media of a user or executes it on his computer, camera or any other MOBOTIX device, if the end user has provided access to his computer, storage media, camera or any other MOBOTIX device for the third party.

1. Description of Use

1.1. The subject matter of these Terms of Use shall be the respective software provided or downloadable free of charge by MOBOTIX in the current version ("**Software**").

1.2. In addition, these Terms of Use include the following add-on modules (each an "**Add-On Module**") to be purchased separately and activated by technical licenses/codes for the respective Software version per Software instance, as applicable. In addition, these Terms of Use include the following add-on modules (each an "**Add-On Module**") to be purchased separately and activated by technical licenses/codes for the respective Software version per Software instance, as applicable. These include the MOBOTIX Certified Apps (see www.mobotix.com) and the following additional modules for MxManagementCenter:

- (a) MxMC POS License or MxMC Smart Data License for using the Smart Data Search, Smart Data Bar, as well as access to the corresponding Preferences in MxManagementCenter, version 1.7 and higher, in order to be able to display the data provided by exactly one Smart Data source from a corresponding MOBOTIX IoT camera together with its recordings in an MxManagementCenter instance, if the camera and the Smart Data source support this functionality. MxMC POS 1.7 and Smart Data can be used in MxManagementCenter from version 1.7 up to all 2.x versions.
- (b) MxMC Integration Starter License for using one ONVIF S camera channel and for enabling the H.264 video and the AAC audio codecs for streaming, replay, and for exporting as well as for enabling the MKV and MP4 container formats in one MxManagementCenter instance from version 2.0 on as well as to access the corresponding settings, if the ONVIF S camera is supported by MxManagementCenter. A compatible MOBOTIX recording device is required to record and to replay the ONVIF S camera channel in MxManagementCenter. Further information on this will be provided by MOBOTIX upon request.
- (c) MxMC Integration Channel License for using one additional ONVIF S camera channel with the MJPEG codec in one MxManagementCenter instance from version 2.0 on and to access the corresponding settings, if the ONVIF S camera is supported by MxManagementCenter. A compatible MOBOTIX recording device is required to record and to replay the ONVIF S camera channel in MxManagementCenter. Using the H.264 video and the AAC audio codecs for streaming, replay, and for exporting as well as for enabling the MKV and MP4 container formats in MxManagementCenter instance from version 2.0 on as well as to access the corresponding settings, if the ONVIF S camera instance by MxManagementCenter. Alternatively, the MxMC Integration Channel License can be used for live streaming of one additional "Axis PTZ" protocol camera channel (MJPEG codec only), if the camera is supported by MxManagementCenter.

1.3. These Terms of Use also include demo licenses for individual add-on modules and MOBOTIX Certified Apps. These demo or trial licenses only entitle the user to use the

The screenshot shows the MxManagementCenter software interface. At the top, there is a title bar with the text "MxManagementCenter" and standard window controls. Below the title bar is a menu bar with "File", "Edit", "View", "Navigate", "Windows", and "Help". The main interface has a dark blue header with the text "Playback - mx10-22-46-97" and several icons on the right. On the left side, there is a sidebar with a search bar and two sections: "Cameras" and "Camera Groups". The "Cameras" section lists several camera IDs, with "mx10-22-46-97" highlighted. The "Camera Groups" section has "All cameras" highlighted. Below the sidebar is a "Clips & Recordings" section with icons for trash, add, and lock. The central part of the interface is a large video player showing a cityscape at sunset. The video has a timestamp "Sun 7/11/2021 5:29:00 PM" overlaid at the bottom. Below the video player is a playback control bar with various icons for play, stop, and volume. At the very bottom, there is a Windows taskbar with several application icons and a system tray showing the date and time "12:03 PM 8/18/2021".
