

O-Insights™

Slider

Overview:

A View Sequencer plugin for MOBOTIX HUB, O-Insights Slider is a slider/carousel that facilitates the sequencing of views within MOBOTIX HUB Desk Client. The slider facilitates the sliding of views based on a user-defined time interval, thus negating the need for manually navigating to multiple views.

Key Features

- Sliding of multiple views through a single plugin
- User-definable time interval between the sliding of each view
- Native MOBOTIX HUB Plugin
- Per user profile saved
- Floating window for the View display

Minimum Server Requirements
